BIRKDALE

WELCOME

We live in times where heroic efforts have been needed to deal with unaccustomed circumstances. Now we face new and unexpected challenges but, with the help of our stakeholders and partners we are better prepared than ever.

Despite supply chain shortages and inflationary pressures, the brilliant team at Birkdale have worked around the clock to ensure we can provide our customers with the excellent service they expect.

We have invested in increasing our level of stock carry. In tackling the supply chain issue, the team discovered more sustainable products.

That means homeowners, who continue to invest in their outdoor spaces, now have an innovative and well-designed maintenance-free sustainable product range they can fit-and-forget and be proud of.

> **Homeowners now have an innovative, maintenance-free, environmentally friendly fencing system they can fit-and-forget and be proud of.**

All things considered we are enormously excited about the next 18 months, which we believe will see the coming of age of DuraPost® as the market realises the benefits of a durable and environmentally friendly fence post system.

Our mates look forward to working with your mates for continuing mutual business success.

John Abernethie Managing Director

MARKET LEADING SUPPORT

Here at Birkdale, quality comes as standard. We support our customers and retail partners in a number of ways

Next Day Delivery Service
Order by 5pm for next day delivery to UK mainland addresses (3-5 working days for DuraPost®, Post Concrete, Highlands, Islands and Ireland)

Exciting innovative products
Designed to bring value and solutions to your product range, we have introduced a host of innovative new products in our range this year

Increased Marketing Support
Committed to generating demand in store for you, we have made our biggest ever investment in Marketing.

Merchandising Service
Our team of merchandisers will help you increase sales through your instore displays and point of sale solutions.

Industry Leading Customer Service
Built on years of experience, our knowledgeable team are more than happy to assist you.

An Environmental Commitment
We source quality products that meet industry standards while striving to reduce waste where possible.

Simple, honest, on-time, quality service

HOW DO I ORDER?

You will have a dedicated team of people working on your account at all times

Your Regional Sales Manager

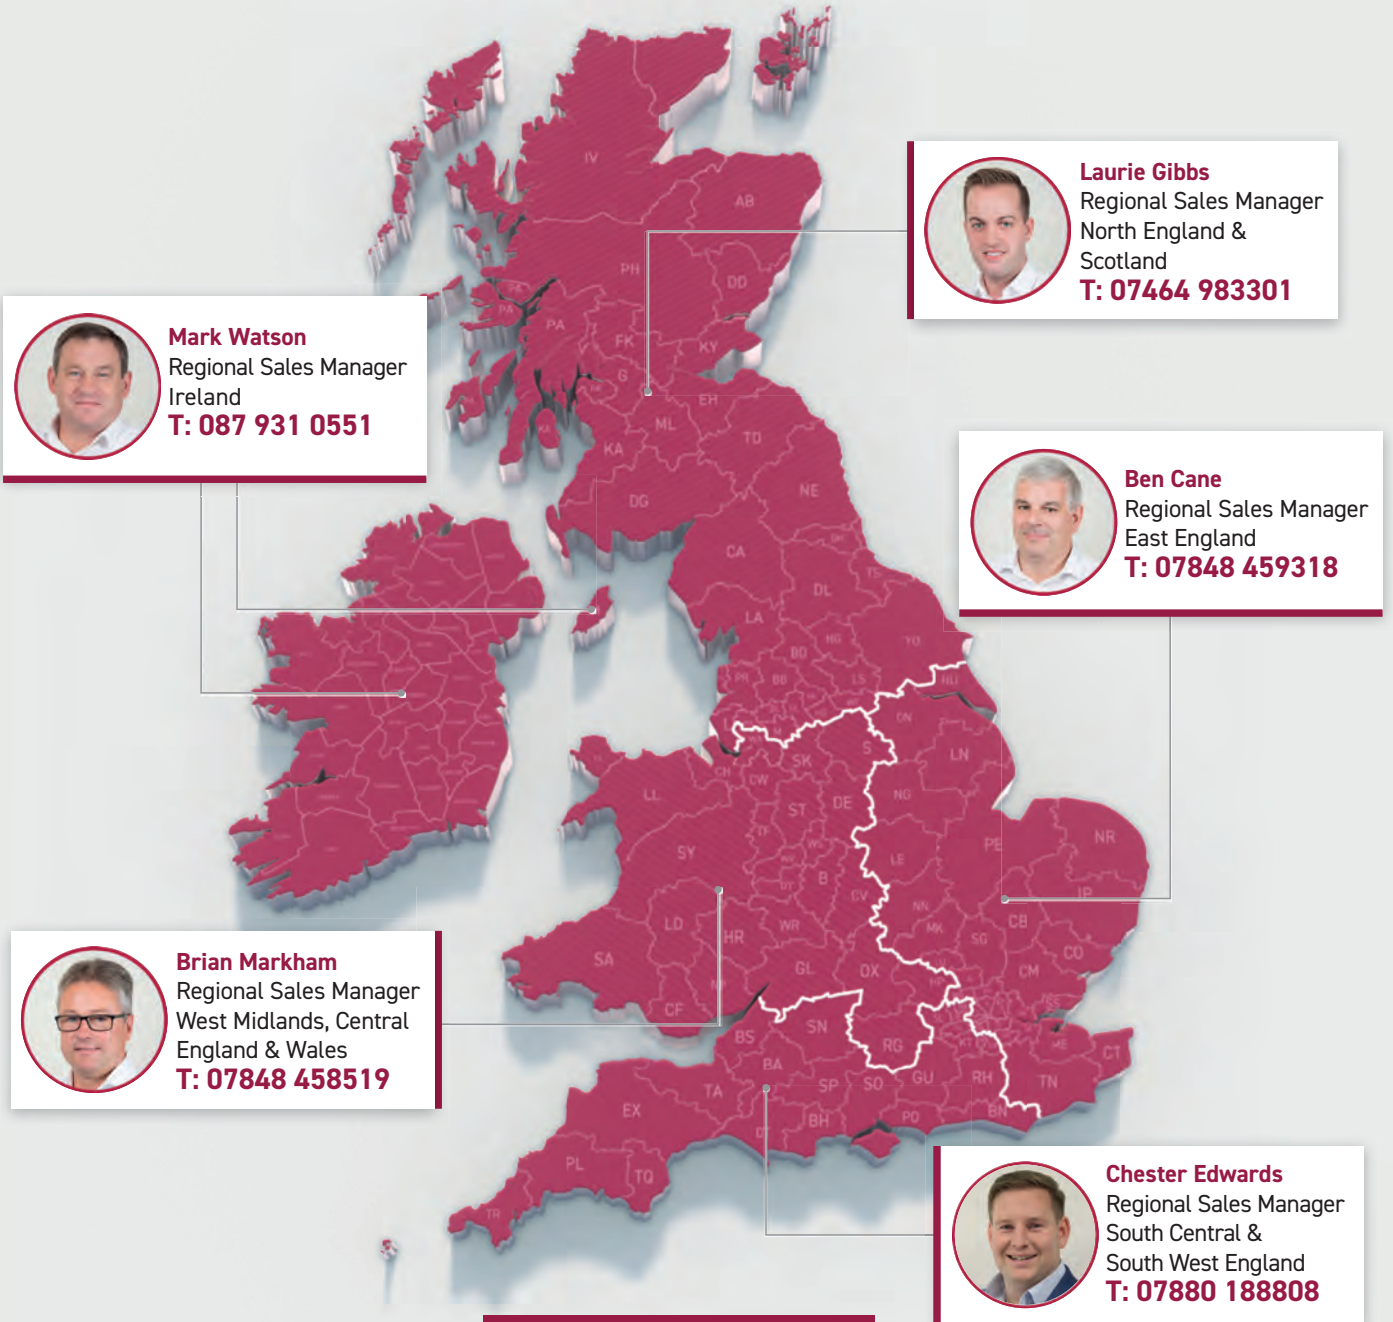

- Your face to face contact, we can offer face to face or virtual meetings
- They will visit you in store and work with you to generate demand from your customers

Your Internal Account Executive

- Your main office contact
- They will book your appointments, provide quotes, take your orders and help find opportunities to grow our businesses together

Your Sales Coordinator

- Your office based point of contact for all your queries and orders

NEW DURAPOST PRODUCTS

DuraPost® has launched its Vento composite fence panel, aluminium gate, and Urban composite fence panel.

DURAPOST® VENTO COMPOSITE FENCE PANEL

WOOD PARTICLE COMPOSITE

DuraPost® BY BIRKDALE

With innovation at the core of our brand, we introduce DuraPost's Vento hit and miss composite panel. Designed with homeowners in mind, these panels are modern, durable, and maintenance-free, meaning you'll never need to paint, treat, or stain them.

Created with a blend of wood/plastic composite (WPC), and manufactured from a blend of rice husk which is a natural waste from rice crops and recycled HDPE, so not only are the panels more durable than the other fencing materials on the market, but they're also more sustainable. The rails are manufactured from galvanised steel, nano-coated then powder coated to produce a durable weather resistant product. The vertical hit and miss panel system consists of 16 composite boards, and 3 horizontal steel rails.

PANEL SIZING

VERTICAL PANELS (mm)
1795 x 125

RAILS (mm)
1830 x 48.5 x 28.5

AVAILABLE COLOURS

PANELS **RAILS**

GREY | BROWN | NATURAL | ANTHRACITE GREY | OLIVE GREY | SEPIA BROWN

IN DETAIL

- Completely maintenance free, once fitted
- Panels are available in 3 NEW colour options: Grey, Brown and Natural
- Rails are available in DuraPost colours: Anthracite Grey, Olive Grey and Sepia Brown
- Minimal screws required (all fixings supplied with rails)

TURN TO PG **251**

We're a company built by fencers, for fencers and we want to help you work smarter and more efficiently

MARK NAYLOR, PRODUCT DEVELOPMENT MANAGER

DURAPOST® URBAN COMPOSITE FENCE PANEL

DuraPost BY BIRKDALE

DuraPost's Urban composite panels provide a contemporary feel, while keeping a timeless, authentic timber finish that will enhance your garden. This cutting-edge panel has been developed with a focus on style, without compromising the strength and longevity of the fence.

These maintenance-free composite slatted panels are a reliable and sustainable option, manufactured from a blend of rice husk that is a natural waste from rice crops and recycled HDPE. The rails are manufactured from galvanised steel, nano-coated then powder coated to produce a durable weather resistant product. The slatted panel system consists of 6 boards and 2 horizontal U-shaped cross rails.

IN DETAIL

- Lightweight and maintenance-free
- 300mm x 1830mm boards available
- Unique shape for easy installation with DuraPost
- Minimal fixings required to install
- Available in NEW stylish colours: Grey, Brown and Natural to complement DuraPost's standard finishes

PANEL SIZING

BOARDS (mm)
1830 x 50 x 300
CROSS RAILS (mm)
1830 x 48.5 x 30

AVAILABLE COLOURS

DURAPOST® ALUMINIUM GATE

DuraPost® BY BIRKDALE

Our DuraPost Aluminium Gate is a versatile addition to any project with width and height you can tweak on site, no need to go back and forth measuring up. Fit and install to a DuraPost gate post or standard timber post.

Our DuraPost Gate frame is made from 100% aluminium extrusion, while its panel can be created using DuraPost Composite Gravel Boards or your own wood panelling. The fixings required for installation, include a frame, gate slam, lock, hinges and fixings.

IN DETAIL

- 100% recyclable
- Powder coated frame, available in Anthracite Grey, Olive Grey and Sepia Brown
- Complements the current DuraPost range of gateposts and composite gravel boards
- Alter to suit any width/aperture
- Fits a standard 72mm Centre Din lock with standard Euro Cylinder

Complete the look: Order DuraPost composite gravel boards for the centre panels. Available in three colours.

AVAILABLE COLOURS

ANTHRACITE GREY

OLIVE GREY

SEPIA BROWN

BY BIRKDALE

NEW

Build your dream fence with the DuraPost® FenceBuilder App

DuraPost® is the revolutionary steel fence post which is widely becoming recognised as the go-to system for all domestic fence installations.

Our latest App enables homeowners to design their own fence in seconds and then email yourself the list of DuraPost® parts required to turn it into a reality.

Whether it's a DIY installation or you'd like help from a professional DuraPost® Trained Installer, take a look at **durapost.co.uk** for more information and advice.

We've also created a DuraPost® Trained Installer login making it simpler and quicker for fencing contractors across the UK and Ireland to quote whilst planning the project with their customer.

AVAILABLE ON APPLE AND ANDROID DEVICES

Download on the App Store

GET IT ON Google Play

Find out more information at: **durapost.co.uk**

USING THE APP IS SIMPLE

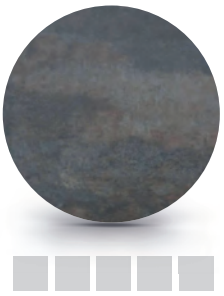

1. Choose whether to build-on-site fencing or pre-assembled panels
2. Choose between traditional wooden or composite fencing, the fence height and length and start building!
3. Then choose the desired DuraPost® post colour
4. Select which style of gravel board needed (and how many)
5. Want some added style? Customise the fence design with post caps, capping rail and cover strips
6. If the design includes corners, gates or adjoins a wall, select your requirements
7. Easily keep track of build lists and know what's needed for any project

Create an account in the DuraPost® FenceBuilder App and you'll be able to come back at any stage to view any previous build lists.

Map out everything you need for a project and an itemised product list will be automatically generated for you

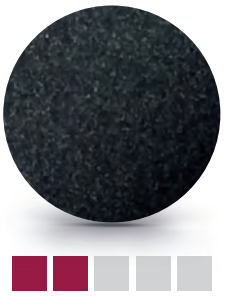

OUR FINISHES

There are a number of finishes available across all our ranges; offering different levels of corrosion resistance and a choice of price points.

Self Colour

Unfinished steel. These products are typically used in fabrication, and will naturally rust very quickly – this should be removed prior to galvanisation.

Epoxy Black/Epoxy Brown

Polyester powder coating is sprayed onto the metal and then baked in an oven, resulting in a smooth finish.
Provides a reasonable corrosion resistance. The finish on moving parts can flake off meaning that the steel will corrode more easily.

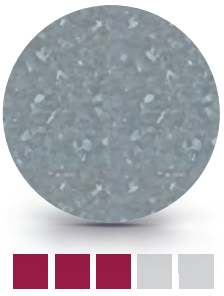

BZP

Also known as Zinc Plated. These products have been finished with a process of electroplating zinc onto steel, resulting in a shiny finish about 6-8 microns thick. Although zinc plated products are typically cheaper than galvanised ones, they usually rust more easily due to the thinner coating.

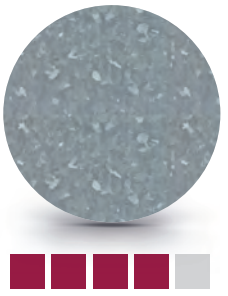

YPZP

Also known as BZP/Yellow Passivated. These products have a zinc plated finish with an additional yellow passivating treatment. This extra layer increases the corrosion resistance and gives the product a light yellow appearance.

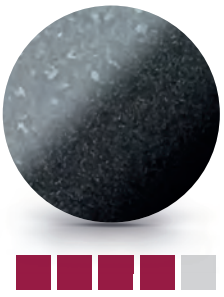

Pre-Galvanised

These products are fabricated from sheet steel that has already been galvanised, giving a finish approximately 20 microns thick. The resulting corrosion resistance is between that of hot-dip galvanising and zinc plating.

Galvanised

A 'hot-dip' or 'spelter' galvanised finish approximately 60 microns thick. The product is dipped in molten zinc, resulting in a thick, rough coating that has a high corrosion resistance.

Premium Black

A 'hot-dip' galvanised finish with a black polyester powder coating on top. This double layer results in a high level of corrosion resistance and attractive, smooth appearance.

Ruspert® Green/Silver/Black

Ruspert® is a rustproof treatment technology with superior corrosion resistance. An organic coating, containing aluminium flakes, and special rustproof paint passivates the metallic layer, preventing intrusion from corrosive factors and controlling the self-sacrificial galvanic effect of zinc.

Stainless Steel

Stainless steel is an iron alloy with high levels of chromium; giving it an external layer that is virtually rust free. Our premium range products are made from marine grade 316 stainless steel – ideal for coastal and other high-moisture environments.

CORROSION RESISTANCE

	No level of corrosion resistance
	Limited level of corrosion resistance
	Low level of corrosion resistance
	Medium level of corrosion resistance
	High level of corrosion resistance
	Almost total corrosion resistance

GATEMATE® SELF CLOSING/ RISING HINGE SET

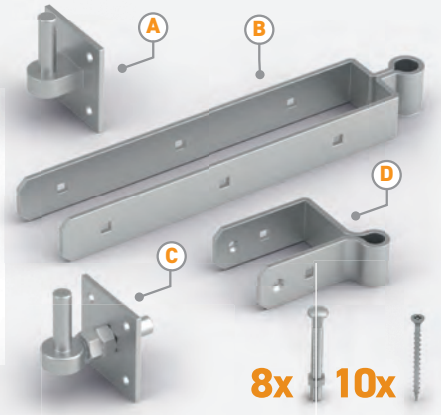

CODE 034 4511

FIXINGS INCLUDED

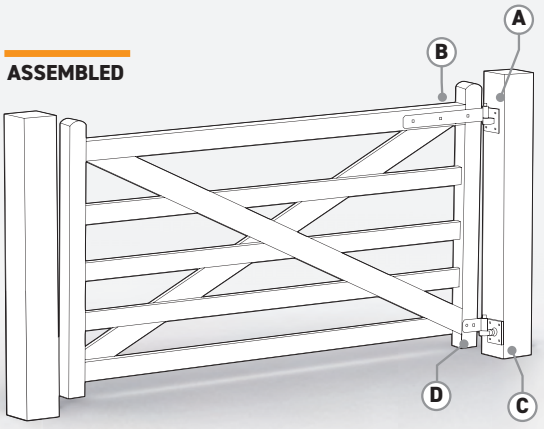

CONTENTS

A Hook on Plate
B Long Band
C Adjustable Hook on Plate
D Short Band

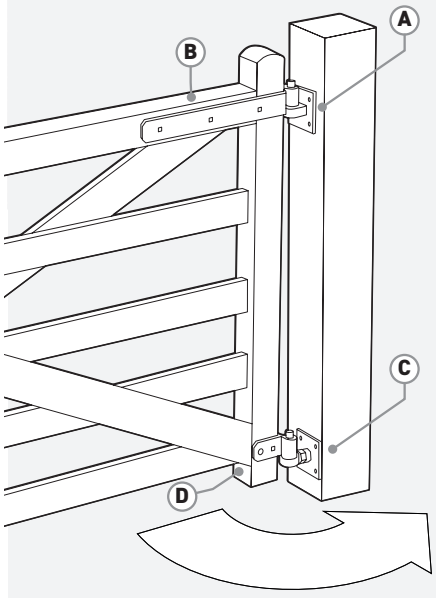

FIXINGS
8x Bolts
10x Screws

ASSEMBLED

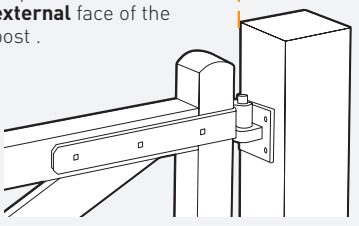

SELF RISING:
The product is specifically designed for situations where the ground rises slightly so your gate will open properly without dragging on the ground.

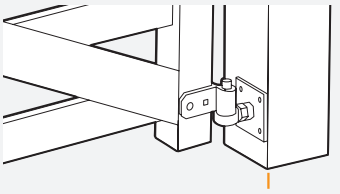

01 ATTACH THE TOP HOOK AND BAND

Offset the **top** hook on plate towards the **external** face of the post .

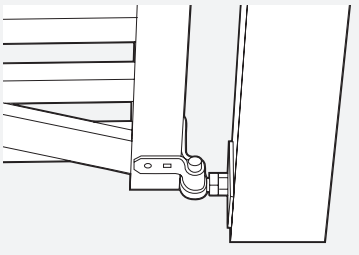

02 ATTACH THE BOTTOM ADJUSTABLE HOOK AND BAND

Offset the **bottom** hook on plate towards the **internal** face of the post.

03 ADJUST THE BOTTOM HOOK

Adjust the bottom hook to make the gate rise further.
The adjustability of the bottom hook on plate and the offset nature of the bottom hinge means the gate won't appear out of line despite the fact the top and bottom hooks aren't aligned.

We're always open at: **www.birkdalesales.com**

GATEMATE® HINGES

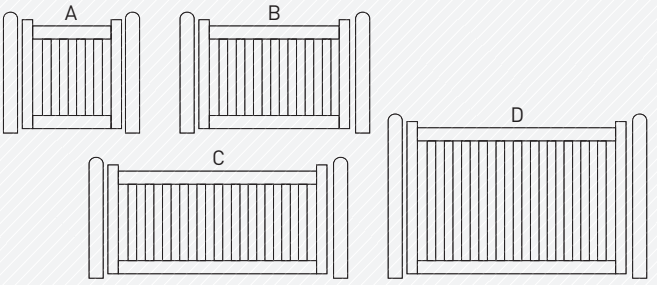

GATEMATE® BY BIRKDALE

HINGE LOADING APPLICATION PER PAIR

When selecting hinges for your gate please ensure that you choose ones with the correct loading application.

This is only approximate hinge loading application as none of our hinges are tested.

For heavier gates, an additional hinge can be added.

GATE TYPE	CLASS	WEIGHT	MAXIMUM WIDTH
A	SMALL GATES AND DOORS	UP TO 10KG	900MM
B	MEDIUM GATE	UP TO 20KG	1200MM
C	LARGE GATE	UP TO 50KG	1800MM
D	EXTRA LARGE GATE	UP TO 80KG	2400MM

GATEMATE® Tee & Strap Hinges

GATEMATE® BY BIRKDALE

TEE HINGES

GATEMATE® PREMIUM FINISH RANGE

Stainless Steel

ALL OUR STAINLESS STEEL PRODUCTS ARE 316 MARINE GRADE

Stainless steel is an iron alloy with high levels of chromium; giving it an external layer that is virtually rust free. Our premium range products are made from marine grade 316 stainless steel – ideal for coastal and other high-moisture environments.

See page 034 for table of loading applications for hinges.

HINGES

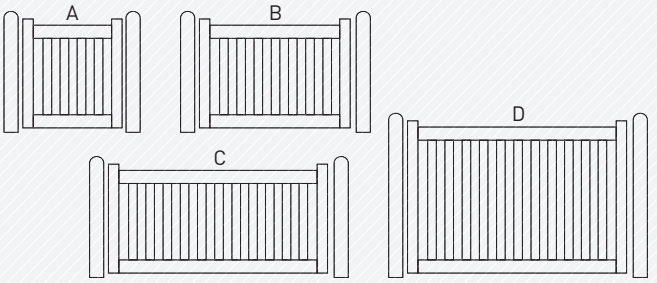

Tee & Strap Hinges

HINGE LOADING APPLICATION PER PAIR

When selecting hinges for your gate please ensure that you choose ones with the correct loading application.

This is only approximate hinge loading application as none of our hinges are tested.

For heavier gates, an additional hinge can be added.

GATE TYPE	CLASS	WEIGHT	MAXIMUM WIDTH
A	SMALL GATES AND DOORS	UP TO 10KG	900MM
B	MEDIUM GATE	UP TO 20KG	1200MM
C	LARGE GATE	UP TO 50KG	1800MM
D	EXTRA LARGE GATE	UP TO 80KG	2400MM

TEE HINGES

- **Suitable for a huge range of gates; with light, medium and heavy weights**
- **Available in stainless steel and premium black (epoxy black on galvanised steel) finishes**
- **Ornamental designs also available**
- **Loading Application: A - D**

Adjustable Band & Hook Hinges

ADJUSTABLE BAND & HOOKS ON PLATES

These heavy duty, robust hinges provide full adjustability; allowing the installer to align gates both during fitting and afterwards to compensate for gate drop over time. Ideal for use on high-use/heavy gates and external doors.

- **Easy to fit and adjust**
- **Available in a range of sizes and finishes including stainless steel and premium black (epoxy black on galvanised steel) finishes**
- **Wide range of sizes**
- **Loading Application B - D; see page 76**

PREMIUM QUALITY
BULK PACKED

Adjustable Band & Hook on Plate

These robust hinges provide full adjustability, allowing the installer to both align gates during fitting and also adjust after fitting to compensate for gate drop over time

BRENTON PADBOLTS

These brenton padbolts are ideal for use on gates and sheds alike.

- **½" or ⅝" diameter shoots**
- **Available in a range of finishes; including stainless steel and premium black**
- **All fittings are welded through to the back plate instead of being punched to provide more security**

ALUMINIUM GATE KIT

VERSATILE DESIGN

All the kit you need to make an entrance

Every project is different, which is why we've designed a gate that adjusts to any outside space. The DuraPost Aluminium Gate Kit combines privacy and security with flexibility.

PAGE 248

Adjustable Gate Eye with 2 Nuts

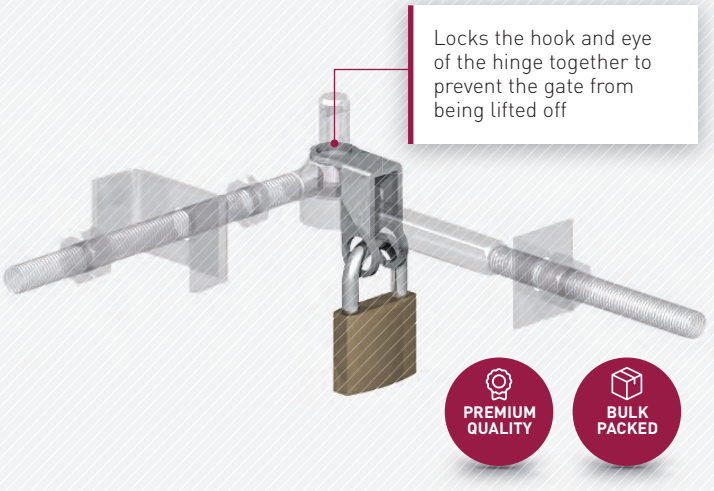

Superior quality steel adjustable gate eye bolts with two nuts. Designed for field and farm gates, these gate eyes are compatible with our wide range of gate hooks. Adjustable gate eyes can be bolted directly through steel gate stiles, but for timber gates an adjustable bottom fitting is commonly used

PREMIUM FINISH RANGE

Stainless Steel Range

ALL OUR STAINLESS STEEL PRODUCTS ARE 316 MARINE GRADE

Stainless steel is an iron alloy with high levels of chromium; giving it an external layer that is virtually rust free. Our premium range products are made from marine grade 316 stainless steel – ideal for coastal and other high-moisture environments.

See page **76** for table of loading applications for hinges.

DuraPost®
BY BIRKDALE

NEW

Build your dream fence with the DuraPost® FenceBuilder App

DuraPost® is the revolutionary steel fence post which is widely becoming recognised as the go-to system for all domestic fence installations.

Our latest App enables homeowners to design their own fence in seconds and then email yourself the list of DuraPost® parts required to turn it into a reality.

Whether it's a DIY installation or you'd like help from a professional DuraPost® Trained Installer, take a look at **durapost.co.uk** for more information and advice.

We've also created a DuraPost® Trained Installer login making it simpler and quicker for fencing contractors across the UK and Ireland to quote whilst planning the project with their customer.

AVAILABLE ON APPLE AND ANDROID DEVICES

Download on the App Store

GET IT ON Google Play

Find out more information at: **durapost.co.uk**

USING THE APP IS SIMPLE

1. Choose whether to build-on-site fencing or pre-assembled panels
2. Choose between traditional wooden or composite fencing, the fence height and length and start building!
3. Then choose the desired DuraPost® post colour
4. Select which style of gravel board needed (and how many)
5. Want some added style? Customise the fence design with post caps, capping rail and cover strips
6. If the design includes corners, gates or adjoins a wall, select your requirements
7. Easily keep track of build lists and know what's needed for any project

Create an account in the DuraPost® FenceBuilder App and you'll be able to come back at any stage to view any previous build lists.

Map out everything you need for a project and an itemised product list will be automatically generated for you

FENCEMATE® BY BIRKDALE

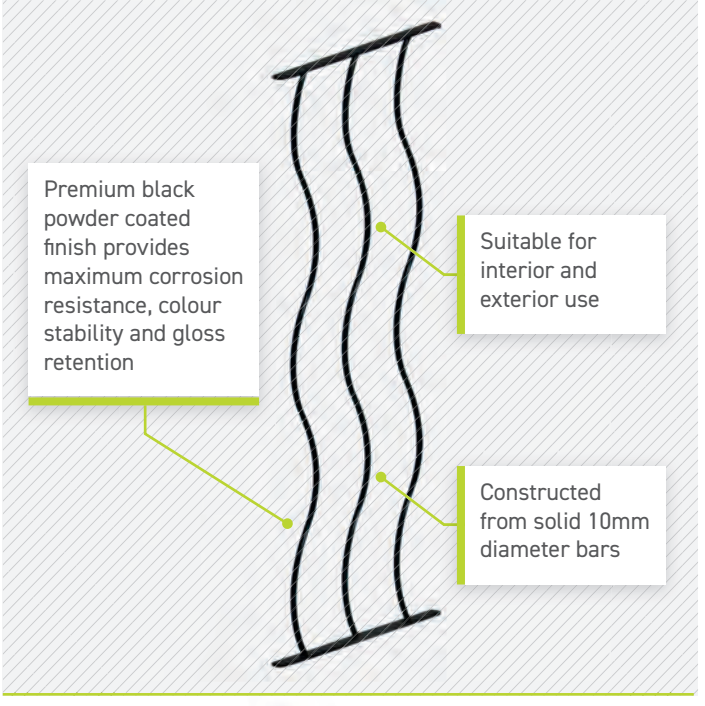

CURVED METAL DECKING PANEL

(811 0003)

Our stylish curved metal decking panel helps to transform your outdoor living space, providing a timeless and modern finish to your garden.

Just like all our metal decking panels, they are hot dip galvanised then epoxy black powder coated for a great rust resistant finish. The powder coating is a thermoset polymer, which is used to create a hard finish that is tougher than conventional paint. If the product is fitted correctly and installed with no prior damage, we expect a service life of approximately 15 years.

DuraPost® BY BIRKDALE

ALUMINIUM GATE KIT

VERSATILE DESIGN

All the kit you need to make an entrance

Every project is different, which is why we've designed a gate that adjusts to any outside space. The DuraPost Aluminium Gate Kit combines privacy and security with flexibility.

THE COMPLETE RANGE OF SPECIALIST INSULATED TOOLS

Did you know that each year there are at least 30 fatalities on construction sites in the UK, and nearly 7% are due to contact with electricity? Even if protective clothing is worn, accidents often result in severe burns to the hands, face and body.

TESTED AND COMPLIES TO **BS8020:2011** STANDARDS

SITEMATE® BY BIRKDALE

COLLATED NAILS

Fed up of your gun jamming? SITEMATE®'s paper collated nails have unique features that ensure your gun runs all the time.

- **Waxed paper collation avoids deterioration in wet conditions**
- **Complies with EN792-13:2000 7.2.1a and the requirements of all major manufacturers**
- **Compatible with gas, air and electric clipped head nailers**

Gas with lubrication

Clipped head to increase the number of nails per strip, reducing tool loading times

34° collation angle

Diamond point to prevent timber splitting

Nails are coated to help them drive in effectively

SITEMATE® Collated Ring Shank Nails

Includes 1 fuel cell per 1100 nails

DECKING SCREWS

- **Stainless steel construction for high corrosion resistance**
- **Features a helix to prevent burr from becoming trapped under the head and stopping the screw from sitting correctly. The helix structure also locks into the board to prevent lifting**
- **Special drill point; ideal for drilling into harder timber**

Masonry Fixings

SITEMATE® BY BIRKDALE

MASONRY BOLTS

- **No-expansion anchor for heavy duty applications**
- **This bolt cuts its own thread into concrete, brick, stone and wood; eliminating the need for traditional anchors**
- **Allows holes to be positioned to the edge of blocks where typical expansion bolts are at risk of splitting the material**

PREMIUM QUALITY

DURAPOST® ALUMINIUM GATE

The DuraPost® Aluminium Gate is a versatile addition to any fencing project. With an adjustable width and height, you can tweak the frame on-site which means that there's no need to go back and forth measuring up and the ability to switch and change products depending on your design makes this a unique product. You can fit and install this gate to a DuraPost post or a standard timer post.

DURAPOST® COMPOSITE FENCE PANELS

The new composite panels by DuraPost® provide a contemporary feel, while keeping a timeless, authentic timber fi nish that will enhance your garden.

These maintenance-free composite panels are a reliable and sustainable option, manufactured from a blend of rice husk that is a natural waste from rice crops and recycled HDPE.

CREATE A DURAPOST® VENTO COMPOSITE FENCE PANEL

Pre-packed For Display 43
Bulk Packed 89, 90
Premium Finishes 55, 59, 129, 132
Ornamental 61, 135
Timber Connectors 179
Timber Gate Building Kit 109
Timber Hex Head Screws 225
Timber Screws 216-225
Tools 186-202
Top Band for Field Gates 107, 108, 132
Top Pivot Hinge for Easi Fit Gate Post System 68
Torx Driver Bit 237
Touch Up Paint (Black) 207
Tower Bolt
Pre-packed For Display 47
Bulk Packed 95
Towing Pin 183
Trailer Fittings
Pre-packed For Display 183, 184
Trellis Clips 175
Trenching Shovel
Standard 188
Insulated 195
Tubular Post Hanger for Metal Gates 125
Turn Buttons
Pre-packed For Display 47
Bulk Packed 95
Twisted Ring Gate Latch
Pre-packed For Display 44
Bulk Packed 91
Two Pin Cleats 173
Two Way Self Locking Catch 118
Tying Wire
Pre-packed For Display 73
Bulk Packed 162

U

U Clip 175
U Post Support 147
U Shaped Handle for Uni-Latch Kit 118
Ultimate Fencer's Graft 186
Unequal Hinges (Ornamental)
Pre-packed For Display 61
Bulk Packed 135
Uni-Latch 2 Way Self Locking Catch 118
Uni-Latch Kit 118
Universal Fencer's Pliers 198
Universal Framing Anchors 180
Universal Hand Saw 193
Unsprung Gate Hinges (High Performance Composite Hinges) 64
Utility Knife, Locking 202

V

Vertical Hanger for Metal Gates 126
Vertical Pattern Hasp & Staple
Pre-packed For Display 52
Bulk Packed 102
Vine Eye 237
Visibility Reflectors 53

W

Wafer Head Timber Screws 224, 225
Wall Mount Post Support 145
Wall Plugs 232
Warning Sign for Deterrent Spikes 152
Washers 234-236
Wave Metal Deck Panels 158
Weighty Scotch Tee Hinges
Pre-packed For Display 36
Bulk Packed 78
Premium Finishes 54, 128
Welded Barbed Wire Brackets 163
Welded Eyebolts 166
Weldmesh Manual Clip Plier & Clips 167
Wheel for Gates
Pre-packed For Display 32
Bulk Packed 123
Winder 164, 165
Windsor Bow Top Metal Gate 68
Wire 162
Wire Dispenser 189
Wire End Cutters 197
Wire Pattern Cabin Hooks
Pre-packed For Display 46
Bulk Packed 94
Wire Pattern Hasp & Staple 102
Wire Rope Grips
Pre-packed For Display 73
Bulk Packed 166
Wire Strainers 164
Wire Tensioners 163
Wooden Panel Clamp 177
Wooden Post 159
Wooden Post Cap 148
Woodscrews 216-222
Wrecking Claw 191
Wrecking Crowbar 190

Z

Zinc Alloy Gravity Latch 66
Zinc Cold Galv Aerosol 207

1. INTERPRETATION

1.1 **Definitions.** In these Conditions, the following definitions apply:

Business Day	a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business.
Conditions	the terms and conditions set out in this document as amended from time to time in accordance with clause 11.6.
Contract	the contract between the Supplier and the Customer for the sale and purchase of the Goods in accordance with these Conditions.
Customer	the person or firm who purchases the Goods from the Supplier.
Force Majeure Event	has the meaning given in clause 10.
Goods	the goods (or any part of them) set out in the Order.
Order	the Customer's order for the Goods, as set out in the Customer's written acceptance of the Supplier's quotation, or overleaf, as the case may be.
Specification	any specification for the Goods, including any related plans and drawings, that is agreed in writing by the Customer and the Supplier.
Supplier	Birkdale Sales Limited (registered in England and Wales with company number 05547795).

1.2 **Construction**. In these Conditions, the following rules apply:

(a) A **person** includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).

(b) A reference to a party includes its personal representatives, successors or permitted assigns.

(c) A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.

(d) Any phrase introduced by the terms **including**, **include**, **in particular** or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.

(e) A reference to **writing** or **written** includes faxes and e-mails.

2. BASIS OF CONTRACT

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.2 The Order constitutes an offer by the Customer to purchase the Goods in accordance with these Conditions. The Customer is responsible for ensuring that the terms of the Order and any applicable Specification are complete and accurate.

2.3 The Order shall only be deemed to be accepted when the Supplier issues a written acceptance of the Order or commences performance of the Contract by delivering the Goods at which point the Contract shall come into existence.

2.4 The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise, representation, assurance or warranty made or given by or on behalf of the Supplier which is not set out in the Contract.

2.5 Any samples, drawings, descriptive matter, or advertising produced by the Supplier and any descriptions or illustrations contained in the Supplier's catalogues or brochures are produced for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract or have any contractual force.

2.6 A quotation for the Goods given by the Supplier shall not constitute an offer. A quotation shall only be valid for a period of 30 Business Days from its date of issue.

3. GOODS

3.1 The Goods are described in the Supplier's catalogue as modified by any applicable Specification.

3.2 To the extent that the Goods are to be manufactured in accordance with a Specification supplied by the Customer, the Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other professional costs and expenses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Supplier's use of the Specification. This clause 3.2 shall survive termination of the Contract.

3.3 The Supplier reserves the right to amend the specification of the Goods if required by any applicable statutory or regulatory requirements.

4. DELIVERY

4.1 The Supplier shall ensure that:

(a) each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Supplier reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and

(b) if the Supplier requires the Customer to return any packaging materials to the Supplier, that fact is clearly stated on the delivery note. The Customer shall make any such packaging materials available for collection at such times as the Supplier shall reasonably request. Returns of packaging materials shall be at the Supplier's expense.

4.2 The Supplier shall deliver the Goods to the location set out in the Order or such other location as the parties may agree (**Delivery Location**) at any time after the Supplier notifies the Customer that the Goods are ready.

4.3 Delivery of the Goods shall be completed on the Goods' arrival at the Delivery Location.

4.4 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.5 If the Supplier fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.6 If the Customer fails to take delivery of the Goods within three Business Days of the Supplier notifying the Customer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or the Supplier's failure to comply with its obligations under the Contract:

(a) delivery of the Goods shall be deemed to have been completed at 9.00 am on the third Business Day after the day on which the Supplier notified the Customer that the Goods were ready; and

(b) the Supplier shall store the Goods until delivery takes place, and charge the Customer for all related costs and expenses (including insurance).

4.7 If 10 Business Days after the day on which the Supplier notified the Customer that the Goods were ready for delivery the Customer has not accepted delivery of them, the Supplier may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Goods or charge the Customer for any shortfall below the price of the Goods.

4.8 The Customer shall not be entitled to reject the Goods if the Supplier delivers up to and including 5% more or less than the quantity of Goods ordered.

4.9 The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate Contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

5. QUALITY

5.1 The Supplier warrants that on delivery the Goods shall:

(a) conform in all material respects with their description and any applicable Specification; and

(b) be free from material defects in design, material and workmanship.

5.2 Subject to clause 5.3, if:

(a) the Customer gives notice in writing to the Supplier within a reasonable time of discovery that some or all of the Goods do not comply with the warranty set out in clause 5.1;

(b) the Supplier is given a reasonable opportunity of examining such Goods;

(c) the Customer (if asked to do so by the Supplier) returns such Goods to the Supplier's place of business at the Customer's cost;

(d) the Supplier in its reasonable opinion having examined such Goods finds that such Goods do not comply with the warranty set out in clause 5.1,

the Supplier shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

5.3 The Supplier shall not be liable for Goods' failure to comply with the warranty set out in clause 5.1 in any of the following events:

(a) the Customer makes any further use of such Goods after giving notice in accordance with clause 5.2;

(b) the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, installation, use and maintenance of the Goods or (if there are none) good trade practice regarding the same;

(c) the defect arises as a result of the Supplier following any drawing, design or Specification supplied by the Customer;

(d) the Customer alters or repairs such Goods without the written consent of the Supplier;

(e) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal storage or working conditions; or

(f) the Goods differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory requirements.

5.4 Except as provided in this clause 5, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 5.1.

5.5 The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.

5.6 These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

6. TITLE and RISK

6.1 The risk in the Goods shall pass to the Customer on completion of delivery.

6.2 Title to the Goods shall not pass to the Customer until the earlier of:

(a) the Supplier receives payment in full (in cash or cleared funds) for the Goods and any other goods that the Supplier has supplied to the Customer in respect of which payment has become due, in which case title to the Goods shall pass at the time of payment of all such sums; and

(b) the Customer resells the Goods, in which case title to the Goods shall pass to the Customer at the time specified in clause 6.4.

6.3 Until title to the Goods has passed to the Customer, the Customer shall:

(a) store the Goods separately from all other goods held by the Customer so that they remain readily identifiable as the Supplier's property;

(b) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;

(c) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;

(d) notify the Supplier immediately if it becomes subject to any of the events listed in clause 8.2; and

(e) give the Supplier such information relating to the Goods as the Supplier may require from time to time.

6.4 Subject to clause 6.4, the Customer may resell or use the Goods in the ordinary course of its business (but not otherwise) before the Supplier receives payment for the Goods. However, if the Customer resells the Goods before that time:

(a) it does so as principal and not as the Supplier's agent; and

(b) title to the Goods shall pass from the Supplier to the Customer immediately before the time at which resale by the Customer occurs.

6.5 If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 8.2, then, without limiting any other right or remedy the Supplier may have:

(a) the Customer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and

(b) the Supplier may at any time:

(i) require the Customer to deliver up all Goods in its possession which have not been resold, or irrevocably incorporated into another product; and

(ii) if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

BIRKDALE

WELCOME

We live in times where heroic efforts have been needed to deal with unaccustomed circumstances. Now we face new and unexpected challenges but, with the help of our stakeholders and partners we are better prepared than ever.

Despite supply chain shortages and inflationary pressures, the brilliant team at Birkdale have worked around the clock to ensure we can provide our customers with the excellent service they expect.

We have invested in increasing our level of stock carry. In tackling the supply chain issue, the team discovered more sustainable products.

That means homeowners, who continue to invest in their outdoor spaces, now have an innovative and well-designed maintenance-free sustainable product range they can fit-and-forget and be proud of.

Homeowners now have an innovative, maintenance-free, environmentally friendly fencing system they can fit-and-forget and be proud of.

All things considered we are enormously excited about the next 18 months, which we believe will see the coming of age of DuraPost® as the market realises the benefits of a durable and environmentally friendly fence post system.

Our mates look forward to working with your mates for continuing mutual business success.

7. PRICE and PAYMENT

7.1 The price of the Goods shall be the price set out in the Order, or, if no price is quoted, the price set out in the Supplier's published price list in force as at the date of delivery.

7.2 The Supplier may, by giving notice to the Customer at any time before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:
(a) any factor beyond the Supplier's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);
(b) any request by the Customer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or
(c) any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.

7.3 The price of the Goods is exclusive of the costs and charges of packaging, insurance and transport of the Goods, which shall be invoiced to the Customer.

7.4 The price of the Goods is exclusive of amounts in respect of value added tax (**VAT**). The Customer shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable on the supply of the Goods.

7.5 Unless otherwise agreed in writing by the Supplier (in which case clause 7.6 shall apply), payment for the Goods must be made in advance of delivery to the bank account nominated in writing by the Supplier.

7.6 Where the Supplier agrees to provide the Customer with extended payment terms, it shall do in writing and the Customer shall pay the invoice in full and in cleared funds by the end of the month following the of the date of the invoice. Payment shall be made to the bank account nominated in writing by the Supplier. Time of payment is of the essence.

7.7 If the Customer fails to make any payment due to the Supplier under the Contract by the due date for payment, then the Customer shall pay interest on the overdue amount at the rate of 4% per annum above Barclay Bank plc's base rate from time to time. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. The Customer shall pay the interest together with the overdue amount.

7.8 The Customer shall pay all amounts due under the Contract in full without any set-off, counterclaim, deduction or withholding (except for any deduction or withholding required by law). The Supplier may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Customer against any amount payable by the Supplier to the Customer.

8. TERMINATION and SUSPENSION

8.1 If the Customer becomes subject to any of the events listed in clause 8.2, the Supplier may terminate the Contract with immediate effect by giving written notice to the Customer.

8.2 For the purposes of clause 8.1, the relevant events are:
(a) the Customer suspends, or threatens to suspend, payment of its debts, or is unable to pay its debts as they fall due or admits inability to pay its debts, or (being a company or limited liability partnership) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986, or (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986, or (being a partnership) has any partner to whom any of the foregoing apply;
(b) the Customer commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors other than (where the Customer is a company) where these events take place for the sole purpose of a scheme for a solvent amalgamation of the Customer with one or more other companies or the solvent reconstruction of the Customer;
(c) (being a company) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Customer, other than for the sole purpose of a scheme for a solvent amalgamation of the Customer with one or more other companies or the solvent reconstruction of the Customer;
(d) (being a company) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Customer;
(e) (being a company) the holder of a qualifying floating charge over the Customer's assets has become entitled to appoint or has appointed an administrative receiver;
(f) a person becomes entitled to appoint a receiver over the Customer's assets or a receiver is appointed over the Customer's assets;
(g) (being an individual) the Customer is the subject of a bankruptcy petition or order;
(h) a creditor or encumbrancer of the Customer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days;
(i) any event occurs, or proceeding is taken, with respect to the Customer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 8.2(a) to clause 8.2(f) (inclusive);
(j) the Customer suspends, threatens to suspends, ceases or threatens to cease to carry on all or a substantial part of its business;
(k) the Customer's financial position deteriorates to such an extent that in the Supplier's opinion the Customer's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy; and
(l) (being an individual) the Customer dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation.

8.3 Without limiting its other rights or remedies, the Supplier may suspend provision of the Goods under the Contract or any other contract between the Customer and the Supplier if the Customer becomes subject to any of the events listed in clause 8.2(a) to clause 8.2(l), or the Supplier reasonably believes that the Customer is about to become subject to any of them, or if the Customer fails to pay any amount due under this Contract on the due date for payment.

8.4 On termination of the Contract for any reason the Customer shall immediately pay to the Supplier all of the Supplier's outstanding unpaid invoices and interest.

8.5 Termination of the Contract, however arising, shall not affect any of the parties' rights, remedies, obligations and liabilities that have accrued as at termination.

8.6 Clauses which expressly or by implication survive termination of the Contract shall continue in full force and effect.

9. LIMITATION OF LIABILITY

9.1 Nothing in these Conditions shall limit or exclude the Supplier's liability for:
(a) death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors (as applicable);
(b) fraud or fraudulent misrepresentation;
(c) breach of the terms implied by section 12 of the Sale of Goods Act 1979; or
(d) defective products under the Consumer Protection Act 1987.

9.2 Subject to clause 9.1:
(a) the Supplier shall under no circumstances whatever be liable to the Customer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit, or any indirect or consequential loss arising under or in connection with the Contract; and
(b) the Supplier's total liability to the Customer in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed the price of the Goods.

10. FORCE MAJEURE

Neither party shall be liable for any failure or delay in performing its obligations under the Contract to the extent that such failure or delay is caused by a Force Majeure Event. A **Force Majeure Event** means any event beyond a party's reasonable control, which by its nature could not have been foreseen, or, if it could have been foreseen, was unavoidable, including strikes, lock-outs or other industrial disputes (whether involving its own workforce or a third party's), failure of energy sources or transport network, acts of God, war, terrorism, riot, civil commotion, interference by civil or military authorities, national or international calamity, armed conflict, malicious damage, breakdown of plant or machinery, nuclear, chemical or biological contamination, sonic boom, explosions, collapse of building structures, fires, floods, storms, earthquakes, loss at sea, epidemics or similar events, natural disasters or extreme adverse weather conditions, or default of suppliers or subcontractors.

11. GENERAL

11.1 **Assignment and other dealings.**
(a) The Supplier may at any time assign, transfer, mortgage, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract.
(b) The Customer may not assign, transfer, mortgage, charge, subcontract, declare a trust over or deal in any other manner with any or all of its rights or obligations under the Contract without the prior written consent of the Supplier.

11.2 **Notices.**
(a) Any notice or other communication given to a party under or in connection with the Contract shall be in writing, addressed to that party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that party may have specified to the other party in writing in accordance with this clause, and shall be delivered personally, sent by pre-paid first class post or other next working day delivery service, commercial courier, fax or e-mail.
(b) A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 11.2(a); if sent by pre-paid first class post or other next working day delivery service, at 9.00 am on the second Business Day after posting; if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed; or, if sent by by fax or e-mail, one Business Day after transmission.
(c) The provisions of this clause shall not apply to the service of any proceedings or other documents in any legal action.

11.3 **Severance.**
(a) If any provision or part-provision of the Contract is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this clause shall not affect the validity and enforceability of the rest of the Contract.
(b) If any provision or part-provision of this Contract is invalid, illegal or unenforceable, the parties shall negotiate in good faith to amend such provision so that, as amended, it is legal, valid and enforceable, and, to the greatest extent possible, achieves the intended commercial result of the original provision.

11.4 **Waiver.**
A waiver of any right or remedy under the Contract or law is only effective if given in writing and shall not be deemed a waiver of any subsequent breach or default. No failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.

11.5 **Third party rights.**
A person who is not a party to the Contract shall not have any rights to enforce its terms.

11.6 **Variation.**
Except as set out in these Conditions, no variation of the Contract, including the introduction of any additional terms and conditions, shall be effective unless it is in writing and signed by the Supplier.

11.7 **Governing law.**
The Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with the law of England and Wales.

11.8 **Jurisdiction.**
Each party irrevocably agrees that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim arising out of or in connection with this Contract or its subject matter or formation (including non-contractual disputes or claims).
